

Hominin Facebook Page

Due Wed/Thurs

Objective: Create a Facebook page that accurately represents the characteristics of your assigned hominin.

Possible choices: *Australopithecus afarensis*, *Homo habilis*, *Homo erectus*, *Homo neanderthalensis*

Requirements for sections:

- **Species name (1 pt)**- This is assigned to you. Must be capitalized and spelled correctly.
- **Nickname (1 pt)**- - You get to create this! Be creative.
- **Profile picture (2 pts)**- - This can be creative BUT it needs to be accurate (facial features, hair, etc). Make sure to use color!
- **What are you doing? (1 pt)**- Be creative but try to make it unique to your species!
- **About Me (4 pts)**- Physical characteristics, skull characteristics (presence of brow ridges, shape, size, etc), location (where are the fossils found), age (how long ago do the fossils date), personality (be creative)
- **Interests (4 pts)**- Preferences of food, climate, space, tool use, language use, socialization, culture, skills
- **Fun Facts (4 pts)**- Any additional interesting research you find on your species
- **Family & Friends (2 pts)**- You can be creative here!
- **Adaptations (2 pts)**- List a few adaptations your species possess
- **Height & Weight (1 pt)**

Total: 22 points
